

Digitize, Organize, and Centralise Your Contacts

FEATURES

01 - AI Powered Digitisation

Scan and store business cards digitally.
Access your Business Cards from anywhere.
CuteBCM accurately extracts details from your business card with AI.

02 - Quick and Easy Organisation

Effortlessly categorize and sort your contacts with cuteBCM. Our intuitive full-content search function helps to quickly locate and manage your business connections. Keep important contacts accessible, saving time and effort.

03 - Effortless Centralisation

With cuteBCM's corporate plans, your team can centralize and manage business contacts seamlessly. Every member can contribute to and access a shared contact database, ensuring up-to-date information is always available. This enhances teamwork and streamlines communication, making it easier to stay connected and organized across all devices.
